

Our All Inclusive Value Package for "Small Office/Home Office" (SOHO) Environments

Just because your business or home office might be considered "small" doesn't mean you don't deserve the same level of IT and print services that large businesses currently receive. Shoshin Technologies is eastern NC's valued IT partner and one of our primary focuses is you, the small business owner. We offer a myriad of services, benefits and advantages all in one great cost saving package!

Just some of our SOHO (Small Office/Home Office) program highlights include:

- **Fixed monthly service agreement costs** - starting at only \$29.95 per month, per workstation.
- **Guaranteed fast service response times** – next day or same day depending on contract level.
- **Proactive 24/7 monitoring** - includes anti-virus, backups and memory utilization.
- **Automated, recurring scheduled maintenance programs** - such as regular disk cleanup, disk defrag and automatic reboots.
- **Security services & software** – automatically monitored anti-virus and security software. Receive up to-date protection with no renewal or licensing hassles.
- **Secure offsite backup systems** - ensures data security by storing critical data at an encrypted remote location.
- **Regular health reports and technical reviews of your IT environment** - provides critical health stats and asset management of your most important business tool.
- **Fully Managed Print/Copy Service & Sales** – we're your area's Xerox partner which means you now have access to a full line of savings possibilities for your desktop printers, copiers, and multi-function devices.

Contact Shoshin Technologies today and enjoy hassle free, fully managed IT service focused on you, the small business owner. We specialize in high quality, proactive service and maintenance to eastern NC business networks.
